Do you have a customer service background? Do you embrace your own learning and development?

At Lincolnshire Action Trust we are all proud to demonstrate our 5 core values:

Achievement – Empowerment - Inspiration – Quality – Respect

If you believe in our five core values and their everyday application and enjoy learning and developing yourself then read on.

You are able to show.....

- your ability to engage and build rapport with all people
- your ability to deal effectively with conflict
- your ability to work alongside others productively in an often busy environment
- an organised and methodical approach to your work
- an ability to record data electronically
- the right to work in the UK (you must be able to demonstrate this)

Due to the location of the role applicants must be 18 years of age or over.

Safeguarding, health and safety and confidentiality are important to us and we would like to believe that they are just as important to you. We will expect all candidates to demonstrate knowledge in these areas.

Our bank of sessional workers are used on an 'as and when required' / ad hoc basis and will be used to provide some weekend cover and cover for absences.

The post will be subject to an enhanced DBS with adult and child barred list check and prison security clearances. Satisfactory references will also be required.

Our clients are central to everything that we do.....

Lincolnshire Action Trust (LAT) is a registered charity that works with individuals who are in contact with the criminal justice system across Lincolnshire and surrounding areas. The main focus of our work is resettlement and rehabilitation including employability, accommodation, finance and debt and work with children and families.

Over 20,000 clients access our services each year and volunteers are a valuable element of LAT's support for individuals involved in the criminal justice system.

Over 125,000 children in England and Wales have a parent in prison and these children will experience a range of emotions, fears and concerns which will have an impact on their schooling, family relationships, health and general wellbeing. The purpose of our family support provision is to develop a range of services for the families of prisoners to encourage increased contact, facilitate visits, mediate for the children, provide signposting support to mothers and carers, and to deliver parenting skills courses. This is achieved through a variety of elements including developing play activities for the children to participate in during visits; acting as a point of contact before and after visits; 1-1 case management, liaising and negotiating with Prison and Probation staff, Children's Services, internal and external agencies, schools etc.

The role.....

The Visits Support Officer will act as the first point of contact for visitors, welcome them and book them into the visits centre. You will deal with telephone calls from visitors and respond to any requests they make including signposting them to other agencies/organisations where necessary. Working with prison staff you will ensure visits run smoothly, arrange transport/taxis where required and maintain accurate records. You will adopt an objective but sensitive and professional approach to any conflict management as a result of high levels of emotion.
